

Richmond Lost Millions
During last year over \$80,000,000 investments in new industrial enterprises went to neighboring towns instead of Richmond, because they improved their waterfronts and had sites and shipping facilities to offer and Richmond did not. A small investment in improvement now means millions.

RICHMOND NEWS, RICHMOND, CALIFORNIA, WEDNESDAY MORNING, MARCH 17, 1920.

Hickville Government
Richmond is years behind the times in its municipal system of government. Its methods are those of the country village, hence it remains a big, overgrown country town; instead of forging ahead into a city as others do. It should have five commissioners, all elected direct and employed all the time.

EBERT PARTY TO REGAIN CONTROL

Hindenburg Against the New Movement—Packers Fight Legislation—Ratification of Peace Treaty Due—La Paz Mobs Storm Peruvian Consulate—Great Airplane to Make Flight From Rome to New York.

LONDON, March 16.—Dr. Weitzel, son of Kapp, leader of the new German revolution, has offered to resign as chancellor, thus opening the way to negotiations with the Ebert government, according to the Berlin correspondent of the Exchange Telegraph company.

General Maercker, representing the Kapp government, was reported to be en route to Stuttgart in an airplane, bearing proposals for a compromise. It was believed he also carried Kapp's offer to resign. Kapp himself was said to have announced Maercker's departure.

The foreign office stated today that the British embassy in Berlin had substantially confirmed reports of an agreement between Kapp and Ebert. The foreign office explained that the embassy's apparent confirmation of such an agreement was based on a report published by the Allgemeine Zeitung.

HINDY DISAPPROVES OF NEW REVOLUTION

COPENHAGEN, March 16.—Field Marshal von Hindenburg, former commander in chief of the German armies, has made a public declaration that he is not connected with the counter revolution, of which he disapproves, says the Hanover Tagblatt.

BIG PACKERS FIGHT PACKING LEGISLATION

WASHINGTON, March 16.—Opposition to pending legislation for the licensing of packers and livestock commission men was expressed before the House agricultural committee today by a delegation of Colorado cattle growers, composed of E. M. Ammons, former governor; C. W. Pace of Longmont and C. W. Swayze of Denver, claiming that federal control would harm the producers.

RATIFICATION OF TREATY THIS WEEK

WASHINGTON, March 16.—Senate leaders worked today for an agreement to vote on ratification of the peace treaty this week, so that the pact might be sent to President Wilson or laid aside to permit consideration of other business.

If the ratification vote fails of (Continued on Page Four.)

CAR LOOT SUSPECT ACQUITTED BY COURT

Frank Lucas, charged with receiving goods stolen from the Santa Fe freight cars, and who was tried before the federal court in San Francisco yesterday, was acquitted after Attorney Wilbur S. Pierce, representing the defendant, had moved that the case be dismissed on the grounds that the evidence was insufficient, stating that Lucas had no knowledge that the three sold him were some of the loot from the Santa Fe trains.

The case was ordered dismissed by Judge Bean. Several prominent citizens of Richmond and Contra Costa county, among them Sheriff R. R. Veale, Mayor James N. Long, E. M. Downer and L. H. Schrader, were at the trial ready to testify in favor of Lucas.

Charles Kinkle, a former employee of Lucas, pleaded guilty to receiving auto tires taken from the cars. Attorney Hiram E. Jacobs, who represented Kinkle, stated that Kinkle did not know that he was violating the law when he purchased the automobile tires. Kinkle was given a minimum fine by Judge Bean on the grounds that he was not a ringleader in the affair.

St. Patrick's Dance At East Shore Park

A St. Patrick dance is to be held at East Shore park Saturday night, March 20. The committee in charge of the affair is composed of the following: Henry Bill, chairman; Alice Woods, Julia Waite, Mary Casey, Martin Gexo, Charles Duggan, James Hunsell, Joseph Silva and John Wagner.

Jack Crow's orchestra of six pieces will furnish the music. The committee is working hard to make the affair a success and no doubt a big crowd will be on hand to enjoy a good time.

WOMEN CLUBS MEET APRIL 20, 21, 22

Convention of Alameda District, California Federation, Has Been Called by the President, Mrs. Leach of This County—Richmond Ladies Will Attend in Large Numbers—Important Affairs.

The call for the nineteenth annual convention of Alameda district, California Federation of Women's Clubs, has been sent out by the president, Mrs. Claude Leach, of Walnut Creek.

The convention will be held in Alameda April 20, 21 and 22 at the Adelphi club house, with the members of the Adelphi and Research clubs acting as hostesses to the visiting women.

The Hotel Oakland has been designated as official headquarters and through the courtesy of the chairman of transportation, Mrs. W. P. Parkhurst, a fleet of motor cars will ply between the hotel and the club house for the convenience of the delegates.

Some years this big convention was held in Richmond, and it was the occasion of much education and progress upon the part of our local women, who were young then in such matters. Since then they have taken much interest in public affairs and civic work, as well as gained experience by their activities in war work, and the big convention next month will therefore be attended by a larger delegation from Richmond than ever before.

It is time an effort was made for another meeting of the federation here, and at this convention would be a good time to do it. We have more and better facilities now to entertain the ladies, and Richmond would be very glad to do so.

Roll call for presidents and delegates will be held at noon on the (Continued on Page Three)

REIGN OF TERROR CONTINUES IN OAKLAND

The Oakland Chamber of Commerce has passed a resolution requesting the city council to appoint 100 additional police officers to protect shipyard workers, who, it is alleged, are being intimidated by strikers. Representatives of other civic bodies met with the Chamber of Commerce when the resolution was adopted.

The Chamber asks that the 100 policemen be a regular and permanent addition to the force.

Mayor John L. Davis and Commissioner F. F. Morse say they are in favor of the measure.

The Oakland police force is said to be numerically inadequate to cope with the situation, which, members of the Chamber of Commerce called a "reign of terror." Police state it is difficult to secure convictions because the victims of assaults are afraid to testify.

A still worse condition exists than this alleged terrorism on the part of striking shipworkers, and that is the boy bandits who are stealing autos, robbing banks and everything else in sight, and the thugs and murderers who daily and nightly make Oakland an unsafe place to live in.

\$269,509.67 IS IN RICHMOND TREASURY

According to the report made by City Treasurer I. R. Vaughn before the city council Monday night, the funds in the city treasury at the end of the month of February totaled \$269,509.67.

Of this fund, \$24,222.18 is in the Bank of Richmond, \$41,975.01 in the First National Bank of Richmond and \$101,968.93 in the Mechanics Bank of Richmond.

Of the sum, \$4637 is invested in state highway bonds and \$47,200 in Liberty bonds, while the remaining \$49,506.49 is deposited in the city's vault.

COUNTY SEAT AND NEARBY NEWS

Only One Bid for Big Paving Job at Martinez and Bidder Raises Ante \$10,000 in Thirty Days—Asparagus Fields Robbing Schools of Children by Hundreds.

MARTINEZ, March 16.—The only contractor filing a sealed bid for the paving of the Smith street unit of the city thoroughfare Monday evening was James T. Bayles, of the firm of Paul & Bayles, of this city. The offer was \$146,404.53. This price was just \$10,044.07 more than the last bid submitted by the same company thirty days ago for the same job.

Members of the board, inquired of Mr. Paul why the price had advanced 8 per cent in thirty days. He declared that since the bids were submitted, the bond market had gone down five points, meaning that the contractor will have much difficulty in disposing of bonds, which he is forced to take for the work. He also stated that since the last bids were received, the price of some of the material had taken another advance.

No action on the matter was taken by the trustees.

SCHOOL LAW EVASIED

Rigid enforcement of the school attendance laws is being carried out in the eastern end of the county, where reports have been made that large numbers of children of school age are working in the asparagus fields and in the canneries in that vicinity, according to information from the office of the superintendent of schools.

About 100 children are evading the school laws, it is declared by the school authorities, and action is to be taken at once against the (Continued on Page Four.)

HAIR-TRIGGER SMILES

"Have you ever tried to love your enemies?"
"Yes, I have tried. But I never got a real enemy to reciprocate my affections with any degree of reliability."

A Year Ago

A couple of old rounders were sitting in a barroom imbibing cocktails. Presently one of them remarked: "Do you know, Bill, I think I'll buy this hotel."

"Wait till we've had a few more drinks," said Bill, "and I'll sell it to you."

Next Reform

"I suppose poor Mrs. Jabbs will be arrested under the Sunday law."
"Good gracious! What has she been doing?"
"I understand some secret investigator got into her pantry and discovered that her preserves were working."

PREPARATIONS UNDER WAY FOR BOND VOTE

Legal proceedings necessary to the passing of the resolution calling a school bond election will be completed next Wednesday, according to advice given out by Superintendent of Schools W. T. Helms last night. Mr. Helms, in company with District Attorney A. B. Tunning, is attending to the legal work involved in putting the resolution across.

City Engineer H. D. Chapman is at work defining the precincts for the proposed bond election.

Richmond Club Has Birthday Festival

The Richmond club celebrated its fourteenth birthday Monday afternoon with a program of literature and music, followed by a luncheon.

The club is one of the centers of many of the city's social activities and is a lasting monument to the enterprise of the women responsible for its being. The following program was given under the direction of Mrs. R. N. Peterson:

Birthday speech, Mrs. H. A. Silver, president; instrumental duet, Mrs. A. C. Burdick and Mrs. Ruth Newcomb; reading, Mrs. J. T. Conwell; club jinks, Mrs. Marie Ogborn; vocal solo, Mrs. C. S. Gibson.

About one-third of the army bacon procured by the Housewives' League and placed on sale at the city hall here yesterday, had been disposed of at closing time last night. The sale was not nearly so heavy as was expected and, unlike the former sales of the government food products, this one witnessed no line of buyers waiting their turn to be served.

STANDARD OIL INCREASES PRICES

Shortage of Petroleum Supply and Unprecedented Demand East for Products Given as Reason for Increase Here of 2c on Gasoline and 25c Per Barrel on Fuel Oil—Kingsbury Explains.

The Standard Oil Company of California announces an increase in the price of its gasoline of 2 cents per gallon and an increase of 25 cents per barrel for fuel oil. At the same time, the company offers an increase for crude oil of the well of 25 cents per barrel for all grades. The increases are effective March 17.

In explaining the necessity for these increases, K. R. Kingsbury, president of the company, made the following statement:

"These advances in the prices of petroleum products are the natural and direct result of a shortage in petroleum supply, coupled with an increased demand, not only in California, but throughout the country. For example, in the East prices of gasoline have reached such high levels that it is now impracticable for eastern buyers to purchase this product in California, pay all transportation charges, and make a profit as far east as the Atlantic. Today gasoline sells for 36 1-2 cents wholesale in New York, against 19 1-2 cents in San Francisco, a difference of 9 cents per gallon. Rail freight from San Francisco to New York is 7 cents per gallon, water freight 4 cents per gallon. This gives sufficient margin to make shipment very profitable. The movement of gasoline from the Pacific Coast to higher markets has already begun. If continued, the Pacific Coast supply will speedily be drained away. If protective measures are not taken and the wide gap between prices here and elsewhere continues to exist, the problem for the motorist and for industry on the Pacific Coast will be to get any gasoline or fuel oil at all, at whatever price. The manufacturer cannot control the disposition of his product after its sale, therefore no refineries, nor all the refineries of the Pacific Coast combined, can keep California gasoline in California if it can be shipped east or exported by jobbers for resale at higher prices. The increase of 25 cents per barrel which the company now offers for crude oil at the well takes prices to the highest point in the history of California oil. This increase, it is hoped, will result in increased production in the California oil fields, and thereby offset the shortage which is forcing the price of fuel oil upward."

Protection For Securities

MECHANICS' BANK
"At the Sign of the Clock"
Macdonald Avenue at Eighth Street

Considering the low cost and the perfect security of a box in a modern safe deposit vault, it is unwise to keep securities, insurance policies, savings bank books, deeds and other valuables in your house or office safe. Our safe deposit vault does what no amount of insurance can do—it actually prevents valuables from being burned or stolen. Inspection cordially invited. Access to deposit vault from 8 a. m. to 6 p. m.

San Pablo Church Workers Are Jubilant Over Success

Inadvertently a news story of the dedication of the San Pablo Baptist church last Sunday was left out of yesterday's issue of the paper, for which we are sorry, as the event merited space and attention, but a full page advertisement came in at the last minute and many good items got ditched.

The formal dedication of the new San Pablo Baptist church was met by a record attendance, for people came from all around the bay region and the large church building was well filled, much to the delight of those who have worked so hard in the building of that church, because the day was more or less threatening showers and they were afraid it would delay attendance.

The building committee was composed of F. A. McCausland, P. E. Sisson and E. R. Hurlburt. Rev.

Ford Fitchel is pastor of the church. The cost was \$8500.

The men of the neighborhood all took hold with a vim and have donated their services to the work of building, working evenings, nights and on their Saturday afternoons, for months and months, while the women gave suppers and socials, and ran a lunch room for a long time, to make money to go ahead with the church building. There were only a handful of them, as congregations go, but they sure made up in hard work and enthusiasm, devotion and stickto-itiveness what they lacked in numbers, and the result is a marvel.

The church building is a splendid, large structure, and it is really wonderful what this little Spartan band of men and women have accomplished. If all other people would follow their example the

devil would be put out of business in no time at all.

Rev. Ford Fitchel, the pastor, runs a close second to the congregation, also, for he is as full of vim and vigor as any of them, and carries his end of the log. He works all week at regular employment, over in San Francisco, and then comes out here Sundays and puts his shoulder to the wheel. Incidentally he talks like he works—straight from the shoulder—and puts up a good scrap for the Lord.

The dedicatory services were carried out as advertised, the full program of which was published in The News of last Saturday, together with pictures of the church and pastor.

The services were good all the way through, including the really splendid and inspiring music. The (Continued on Page Three)

THE PAPER OF THE WORKING PEOPLE

EAT CHUCK, YOU WOP!

Out of the armful of junk which clog our mail daily we fish a long dissertation from the governmental Department of Justice, which may be of interest to the readers, because it is about eating meat, and we have reason to believe that quite a number of our readers are inclined to be extravagant enough to eat meat every time they think the income tax collector is not aping.

This circular informs us that the Department of Justice finds upon report of its many high-priced investigating committees, none of whom eat anything short of porterhouse, that the common people buy too much choice cuts of beef and not enough of the cheaper cuts. They find that rib steaks and T-bone are in great demand, while chuck-steak is a drug on the market, and they propose to put on a propaganda to remedy this, and show the rank and file of the people why they should eat hoof and horn instead of sirloin.

We can see where they are right. In the first place, if the people spend less for cuts they will have more to pay as taxes, to investigating committees will have larger expense accounts with which to find out that the people should eat less. It is perfectly plain, and any person should be able to understand that.

Besides, the choice cuts of beef are for our rich and royal, and not for scrabs. Good old chuck-steak right back of the neck is good enough for you wops, that never went to Congress in your lives, and would not know how to second the motion that another investigating committee be appointed to point out to the ignorant that liver is more nutritious than loin.

Where did you fellows get that noise, anyhow, about eating cuts of meat that you did not have to take a saw and ax to? Come out of it! Who do you think you are—Mr. Wilson, Mr. Lodge, Mr. Knox, Mr. Johnson, or perhaps even a member of the Department of Justice investigating committee?

Eat rump, you tarrier, and look pleasant. And mighty lucky you are to get rump, at that! Next year, if you don't reform, the Department of Justice will deal you out some more justice—that's what it's for—and then instead of getting trips and hock you'll be put on a diet of grass, like Nebuchadnezzar was, and it would be done now, only hay is more'n \$20 a ton.

Of course, some of you are going to be impatient enough to ask why the Department of Justice, if it wants to live up to its name, does not confine more of its time to making the big pirate packing plants pay less than a million dollars a week dividends and put the price of their meat down so all could have plenty, instead of maintaining high-salaried investigators and hundreds of clerks and deputies to carry on propaganda for the people to eat the hide so the aristocracy and those who draw the dividends can enjoy the nice tender and juicy steaks and loin roasts; but that is because you have not been educated right. You have heard so often that one man is as good as another in America that you have actually developed nerve enough to believe it.

Get a soup bone, you poor fish, and after playing grand opera with the soup, gnaw the bone! And then bury the bone, same as Towser does, and go to the polls and vote as you are told.

It is astounding how swelled up some of you proletarian peewees are getting to be. Cut out the outla board and come down to earth!

TOO MANY NEW JOBS

Somehow, with this H. C. L. problem making it difficult to revel in one suit of underwear while the other is being washed, and to negotiate with one of our Royal Majesties, the Paper King, for a few more sheets of paper at four prices per pound, we cannot seem to work up any enthusiasm over the political instruction of the South Sea Islander, or the placing of the Russian Street Cleaners' Association upon a hygienic basis.

With rampant rascality rife within the ranks of our standing armies of politicians here at home, we can't work up any excitement over the movement to muzzle the cats of Korea, minimize the smell of the lamas of Tibet, or whether Greece gets Turkey or vice versa.

We realize, of course, that the servant problem in Asia Minor needs adjusting, and that help should be extended the league to purchase blot-

ting pads to swab up the proletariat gore from the Wilhelmstrasse in Berlin, so the Kaiser won't muss his boots in it when he arrives from Holland, but somehow thoughts of a soup bone and two potatoes at 50 cents each keep intruding themselves upon our mind, and the catch-as-catch-can bout between organized capital and organized labor pushes to one side the burning problems of Manchurian missusins, Bulgarian bolls, Rumanian rucasses, or whether the insects browsing on every Arabian are striped or just plain graybacks.

WE'RE JUST BUGS, ANYHOW

Guess it don't make much difference, anyhow, whether these dingbusted flu bugs eat us up or not, because if they don't some other bugs will, sooner or later, and such of us as escape the bugs will get devoured in the end by the worms. So we should worry. And a few years one way or the other won't cut any ice, as years are the same as minutes, compared with time and eternity. At best we are only a mass of worms, tadpoles and wiggle-tails, anyhow, compared with the great infinite, and the things we worry and fight over are just the same as bread crumbs the other ants worry and scramble over. But it is probably just as well to take such precautions to stand off the bugs as long as possible, as we all have other bread crumbs we want to fight over and scramble for.

THINKOGRAPHS

Poor Adam stood upon one leg
And grumbled in his grief;
"It takes a woman hours," he growled,
"To match an autumn leaf."
Just because a fellow's pigeon-toed and chicken-hearted doesn't say that he's a bird.

You can't fool all of the people all of the time, but you can most of them.

Adam was a vegetarian with a preference for fruit inherited by the rest of us.

Women spend quite a bit of money, considering how long it takes them to buy anything.

Everything is on the installment plan nowadays, except marriage, and some of that is.

The only thing a greyhound is good for is to catch a rabbit, and he hasn't caught very much then.

Editing grocery bills and such like interferes with the perusal of other kinds of literature one would like to devote time to.

We believe it will be generally admitted that at no time during the progress of the war or since has the American President been embarrassed for lack of advice.

The modern young lady, sitting cross-legged at a cafe table, showing her limbs clear up to where the garter used to be, and smoking a cigarette, is doubtless "up-to-date," and may look all right to those who think so, but it looks to us like one of the reasons for latter-day loose morals.

The goldfields of California have moved to some extent to Los Angeles, where the prospector picks up lumps of gold as big as footballs and packs them on his patient burro, while the hero, heroine and villain all do team work with him, and it is all shown on the film next day.

If we had our way about it the punishment of the Kaiser would be more severe than anything yet mentioned. We would sentence him to read the Congressional Record every day for a month.

And now Hearst has caused a number of his space writers to nominate him for president of a proposed third party. We claim to have a double-barreled vocabulary, but are trained in only two languages, the English and profane, and there are not enough words in these to express our thoughts upon this subject and do the matter justice. Oh, if we could only write Bolshevik and Chinese.

 553 Sixth Street

ILLNESS COSTS U. S. WAGE EARNERS OVER BILLION DOLLARS EVERY TWELVE MONTHS

The annual sick bill of 30,000,000 American wage earners is over \$1,000,000,000.

The time clock of the nation shows that each worker, through sickness, loses an average of nine days. This means that the working time of the nation is decreased by more than \$50,000,000.

Half of the billion dollar sick bill represents wages lost—subtracted from the total of earnings expected to finance the budgets of millions of families. The other half represents the bill for doctors, nurses and medicines. And the total is twice the amount given annually in the United States for all philanthropic purposes in normal times. It equals the amount required to conduct the business of the national government the year

before the war.

Millions more go to the maintenance of hospitals and other agencies to combat illness. Seven thousand hospitals are operated in the United States. Not only public and private funds are used to meet this expense, but the churches of America pay their share of the cost in the maintenance of denominational hospitals. For the churches have recognized their obligation to care for the physical as well as the spiritual welfare of humanity.

This is the problem of illness as it is presented by the survey now being made by the Interchurch World Movement. This survey indicates that the Protestant churches, through co-operative effort, can play a large part in reducing this tremendous financial and human

loss.

Just as the missionary in non-Christian lands, it points out, sets his hospital beside his little church, so the church at home, by a concerted effort, can make the hospitals a part of its work as well as an aid to its progress.

The survey has formulated a program as a proposal for the co-operative effort of the evangelical churches: an increase in the efficiency and capacity of existing denominational hospitals in the first provision of this program.

Construction of thirty-one new hospitals is the second. These hospitals include twelve general hospitals for white people; twelve for negroes; one tuberculous sanatorium for Arizona; four hospitals for incurables; and two children's hos-

SAN PABLO CHURCH WORKERS JUBILANT

(Continued from Page One)
 talks which were made were appreciated by the large audience, and congratulations were showered upon the workers who have accomplished so much in so short a time and with no funds or backing to start with.

They certainly deserve praise and cheer, for they have proved by their works and their deeds that they have the grace of God in their hearts.

Notice

The New Richmond Land Company has just established their branch office at 2221 Macdonald Ave., Richmond, with W. H. Sanford in charge. They have about 100 fine lots left in Wall's Addition that they are putting on sale at \$5 a month; prices running up to \$250 a lot. Nothing in the entire bay district to equal them in price and location. Get your ground paid for and we will furnish you money to build your home. Stop paying rent; this money is forever gone from you. Come and examine our plan books and pick out the kind of cottage you want. Don't forget the number. 2221 Macdonald Ave. New Richmond Land Co.

Women Clubs Meet

(Continued from Page One)
 opening day of the session and members of the club making the best showing will be made the "distinguished guests" of the convention.

Credentials of representatives must be in the hands of the credentials committee not later than 11 o'clock on the first day.

Resolutions may be sent to the chairman of that committee, Mrs. J. C. Lynch, 1845 University Avenue, Berkeley. They must be in writing, endorsed by a delegate of a federated club and submitted to the committee at the close of the opening day of the convention.

The annual reception to state and district officers will be held at the Adelphi club on Tuesday night, April 20, and the banquet will take place on the following night. Reservations for this affair are to be made with Mrs. A. J. Burgher, chairman of the banquet committee, not less than one week in advance of the date.

NORMA TALMADGE TO PLAY IN DUAL ROLE

A striking contrast between the high and low walks of life is drawn in the photoplay, "A Daughter of Two Worlds," from the novel of the same name by Le Roy Scott, which will be shown at the Richmond theater today and tomorrow.

Norma Talmadge, who is starred as Jennie Malone, plays the part of the beautiful daughter of Black Jerry Malone, keeper of a questionable dance hall in the slums.

The ambitions of her father, who is not as black as his name would indicate, carry her out of jail, through a fashionable boarding school for girls, and into society, where she meets the man who wins her love.

The stigma of the past follows her into her new environment, and a dramatic situation arises when Jennie learns that she alone can save from the electric chair a man who has been wrongly convicted of murder.

To do so, Jennie is forced to risk the loss of her fiancé and her place in society.

Can a girl of the underworld, who has lived straight, make good in the social world?

The photoplay answers that question.

HUMANE OFFICES MOVED

The offices of the California State Humane Society, which have been maintained for many years at San Jose, have been moved to Los Angeles. In order not to work a hardship on those members who live in the northern part of the state it has been arranged to hold meetings part of the time in the northern part of the state and part of the time in the southern. In this manner it is hoped that the good work of the society will be kept up without loss of efficiency.

You May Not Know Pianos But You Do Know Piano Dealers

Few people have the expert knowledge to enable them to distinguish between one piano and another. To be sure, they can tell a good tone, but they are not able to determine whether the Piano is worth the price asked. Naturally you will go to a Piano Dealer whose standing in the community is the very highest. There are always good dealers and unscrupulous dealers in every city. It is an easy matter to know the good Piano dealers. If those dealers hadn't been giving "value received" for years, they would not be known as good dealers. Your greatest satisfaction lies in the recommendation of a good Piano Dealer or House.

Local Laconics Of Richmondites

Mrs. L. L. Anderson, 540 Eleventh street, will be hostess this afternoon at a tea given by the Ladies Aid of the Wesley Methodist church. In honor of the day the living and dining rooms will be appropriately decorated and a short program has been prepared. Those assisting Mrs. Anderson are: Mrs. J. S. Wood, Mrs. J. L. Hapwood, Mrs. H. W. Clear, Mrs. M. H. Williams and Mrs. C. R. Faurst.

The boys of the Presbyterian church who are members of the affiliated Y. M. C. A. clubs met in the clubrooms at Fourth and Bissell streets last night under the direction of Mr. Walter Mead.

Grand Master King of the Odd Fellows lodge paid an official visit to the Bay City lodge in San Francisco last night and was tended a reception. The following attended from Richmond: C. Belshe, Shell, Houseman, Stottemeyer, Wilson.

On account of the illness of John J. Collins, worthy president, Point Richmond Aerie, No. 354, Fraternal Order of Eagles, there was no meeting of that lodge last night.

The Knights and Ladies of Security held another of its large classes last night at Bank hall. Among the new members initiated were Messrs. Jones, Somerville and Hornacek, and Misses Vance, Tremble and a number of others. During the month of February fifty new members were added by George Mackie, district manager, and it is hoped to double that number during the months of March and April.

Attorney H. J. Wildgrube is confined to his home with a slight cold.

Mrs. Carrie Dresser, formerly Miss Charlotte Treanor, a teacher in the Lincoln high school, and infant daughter, have returned to their home near Tulare.

The South Richmond Improvement club will hold an important meeting at 2:30 this afternoon at the clubhouse on South Fourth street. Business of importance is to be transacted and it is urged that all members attend.

The Royal Neighbors will hold a whist party soon, it was decided at their meeting Monday night at Pythian Castle. At the next meeting, March 22, there will be several candidates for initiation.

Mrs. Hilda Gerald, a former Richmond resident, now of Pine Flat, Sonoma county, is the guest of Mrs. Rose Embree, 321 Eleventh street.

Near East Drive To Be Renewed

N. S. Sanderson of Martinez, chairman of the Near East relief fund for Contra Costa county, assisted by a committee of local women, with Mrs. W. S. Cunningham, chairman; Mrs. A. B. Ledgerwood and Mrs. W. A. Stiver, are again making strenuous efforts to raise funds for the starving people of Armenia. It is desired that Richmond, as in the past, will go over the top. An almost apathetic indifference seems to be the attitude of many of the people approached in this cause, which it is hoped will be done away with by the distribution of posters and the showing of slides of actual scenes in that unhappy country. The slides will be on exhibition at the Richmond theater in the near future. It is also proposed to hold a tag day before the close of the drive.

Standard Oil Pays Big Income Tax

SAN FRANCISCO, March 16.—The Standard Oil Company, paying \$2,200,000 as the first and quarterly share of its 1919 income tax, headed the list of payers at the internal revenue office. Its total tax will be \$9,200,000, which is one-half of what it paid last year. The largest individual tax was \$500,000. A bootleg paid on an income of \$4690.

More than nine million dollars was collected in the San Francisco office yesterday.

The W. B. A., Order of Macedonia, will meet next Thursday night in W. O. W. hall for drill practice in preparation for the forthcoming installation. All members and guards are urgently requested to be present.

Mrs. A. B. Childs is entertaining her sister, Mrs. Jack Mihalek, of Seattle.

Mrs. Rose Hunter died yesterday noon at the Hunter home at 631 Sixth street. Death was due to complications caused by an attack of influenza. Mrs. Hunter, who was 50 years old at her death, is survived by her husband and two daughters, Frances, aged 5, and Maxine, aged 9.

TEACHERS OF STATE WANT MORE MONEY

Public school teachers of California are planning to launch an initiative petition for the enactment of legislation, authorizing a minimum salary of \$1500 in the elementary schools at the meeting of the California Council of Education in Oakland, April 16.

Will C. Wood, state superintendent of public instruction, yesterday said he had received information from Los Angeles, Oakland and other cities that the move was well under way. The teachers are not agreed as to the precise minimum, some being of the opinion that \$1200 will suffice, while others advocate \$1500 as the smallest salary upon which they can live.

"The teachers," said Wood, "feel that the legislature should be relieved of the responsibility of passing on this matter."

Average salaries paid school teachers in this state are \$958.61 for women and \$1037.42 for men.

General Wood Leads In Gopher State

ST. PAUL, Minn., March 16.—Major General Leonard Wood has a large lead over Senator Hiram Johnson and Governor Frank C. Lowden, incomplete returns from Minnesota's Republican preferential presidential primary indicated today. Citizens voted by precincts in choosing county convention delegates.

The vote was the first test by popular vote of presidential candidates in the West.

Blizzards throughout the state delayed returns. St. Paul and Minneapolis gave Wood large majorities. It was indicated, and scattered outlying precinct returns showed Wood the favorite there.

Lowden and Johnson are running close for second choice.

JAILED FOR DRUNKENNESS
John Smith, 263 Seventeenth street, was picked up by Patrolman Crozier about 12:30 this morning and put in the city jail on a charge of drunkenness. The date for his case has not yet been set.

MADEEN FUNERAL TODAY
The funeral of Andrew Madeen, who died at his home at 2834 Esmond avenue, Monday, will be held at the Curry undertaking parlors today at 2 p. m., the Rev. D. W. Calfee officiating. Interment will take place in Sunset View cemetery.

Arts Club Planning For Trip To S. F.

The Arts club, which met last night at the home of Mrs. A. W. Krumdiek, 673 Tenth street, has arranged to take a trip to San Francisco Saturday for the purpose of studying the etchings in the Palace of Fine Arts. The party will leave on the Southern Pacific at 1:13 p. m., and the affair has been so arranged that outsiders may join the party if they wish.

The question of a community theater was brought up for discussion at last night's meeting and while no definite action was taken, it is expected that the club will form a plan whereby plays can be put on by local talent. It is planned to extend the idea so as to permit those who are not members of the Arts Club to take part in the productions given.

WILL ATTEMPT TO RESTORE OLD MISSION

SAN FRANCISCO, March 16.—The statewide campaign for funds for restoration of the twenty-one missions of California will officially open on Saturday, April 17, the day of the big ball and pageant to be held at the Civic Auditorium. This date has been set by Attorney William P. Canby, chairman of the state general committee.

The San Francisco missions restoration committee, of which Judge James G. Conlon is chairman, is meeting each Tuesday evening at Native Sons' Hall to perfect its plans for the entertainment.

Last Tuesday evening Rev. Father John W. Sullivan of Mission Dolores Church addressed the committee on the subject, "The State Campaign." Father Sullivan praised the undertaking unstintingly and promised his unqualified support, but at the same time he advised that the committee realize that it had a vast amount of work ahead.

I.W.W. NOT GUILTY SAYS LABOR JURY

TACOMA, Wash., March 16.—"Not guilty" was the unanimous verdict reached in the Tacoma Labor Temple by the "labor jury" which attended the murder trial at Montesano, in which seven I. W. W. were convicted of second degree murder, two were acquitted and one man was declared insane.

The "labor jury" members voted that there was a conspiracy on the part of the Centralia business interests to raid the I. W. W. hall; that the hall was unlawfully raided and the defendants had a right to defend it; that Warren O. Grimm, the murdered Legion man, was a party to the conspiracy, and that the defendants did not get a fair and impartial trial.

The funeral of Joseph Garibotti, the 19-months-old son of Mr. and Mrs. C. Garibotti, who died yesterday morning at 11 o'clock, will be held tomorrow morning at St. Mark's Catholic church at 10 o'clock.

Funeral services for Mrs. Bridget Clark, widow of the late Charles Clark, of San Pablo, will be held Friday at the San Pablo Catholic church.

TELEGRAPH

the necessary two-thirds majority, a motion to reconsider is expected immediately, probably by majority leaders in the hope of stampeding some of the opposition into changing their votes.

Adoption yesterday of the substitute reservation to Article X, by a vote of 56 to 36, removed the last obstacle to a vote on the treaty itself, although a number of other questions remain to be settled.

BOLIVIAN ATTACK PERUVIAN OFFICERS

LIMA, March 16.—The Peruvian legation at La Paz, the Bolivian capital, was attacked last night by a mob of 1000 men, according to official advices received this afternoon by the Peruvian foreign office. The Peruvian consulate and private residences of Peruvians were also attacked, the dispatches declare.

The government shields on the official buildings were torn down and windows were broken.

TO MAKE FLIGHT TO N. Y. FROM ITALY

ROME, March 16.—A giant airplane equipped with powerful Fiat engines and carrying a crew of five men is undergoing its final tests at Turin and within a week will be on its way to New York, according to inventors. The flight will be over a direct air route from Rome to New York. The plane's sponsors expect it to develop a speed of slightly less than 160 miles an hour.

WANT TRUCKING PERMIT

The Bay Cities Transportation Company yesterday applied to the Railroad Commission for authority to operate a motor truck service between Oakland, Hayward, San Leandro and San Lorenzo, and between Oakland, Richmond, Stege, Pullman, El Cerrito and Albany.

Judge William Finch of Glenn county will hold court at Martinez next week, in the Port Costa Water Company cases.

Mrs. J. C. Mainwaring of San Diego is visiting her mother, Mrs. Jane Bowdick, 346 B street.

Claus Lambrecht, well known local fuel dealer, who has been confined to his bed for several weeks as a result of a severe attack of influenza, is once more able to be up and around.

Nearby News

(Continued from Page One)
parents of the children unless they are placed in school immediately, it is declared.

Several days ago County Attendance Officer Anthony Reggiardo, accompanied by State Attendance Officer Georgian Carden of Sacramento visited the territory and found many children employed in the asparagus fields. It is stated that families migrate to the region every spring to work in the various industries and the children of all ages seek employment.

DEPUTY SHERIFF RESIGNS

Don Williams, for the past four years deputy sheriff and jailer at the county jail, filed his resignation on Tuesday. No action on the matter has been taken as yet by Sheriff R. R. Veale. Williams states that following a vacation of several weeks he expects to resume his former occupation as electrician and gas engineer.

FERRY RECOVERS TRUCK

CROCKETT, March 16.—The small truck owned by John Oust and driven by H. G. Seavey, which slipped from the rear end of the Six Minute Ferry Company's steamer San Jose into the straits at Morrow Cove last Tuesday, has been
